## Academic Service

### University Service and Outreach

- 2022 – 2024 **Student Co-Lead** (w/ Daye Nam and Jane Hsieh)  
CMU Graduate Application Support Program (GASP)  
GASP is a student-led initiative in the School of Computer Science to offer early feedback to applicants from underrepresented groups. Daye and I matched PhD student volunteers with applicants based on their interests and identities.
- 2022 – 2023 **Admission Committee**  
CMU Research Experience for Undergraduate Program (REU)  
The REU program in HCII provides opportunities for undergraduate students to spend ten weeks doing research on HCI. I was a member of the admission committee for two consecutive years and helped review 40+ application materials.
- 2021 **Student Host**  
CMU HCII Preview Weekend  
The preview weekend aims to assist underrepresented students as they apply to HCII's master's and PhD programs. I hosted online sessions where we invited applicants to ask questions and faculty to give lab talks.
- 2020 – 2021 **Student Co-Lead** (w/ Danaë Metaxa)  
Stanford HCI Qualifying Exam, Equity & Justice Update  
In light of the Black Lives Matter movement and anti-Asian racism, Danaë and I co-led an initiative at Stanford HCI Group to add readings centered on diversity, equity, and inclusion to the PhD qualifying exam.
- 2020 – 2021 **Community Associate**  
Stanford Escondido Village Graduate Residences (EVGR)  
I worked with the Stanford Graduate Life Office and other community associates on promoting wellness and a sense of community in graduate residences with 1200+ students by coordinating social events centered on cultural diversity.
- 2016 – 2017 **Co-Director** (w/ Fan-Keng Sun and Jim Liu)  
NTUEE Academic Department of the Student Association  
We led a team of 30 students to organize various departmental and university events, including research competitions, university fairs, NTUEE+ alumni mixers, etc. We also founded a makerspace and organized a makeathon described below.
- 2016 – 2017 **Co-Founder** (w/ Fan-Keng Sun and Jim Liu)  
NTUEE Makerspace  
We founded a makerspace in the EE department to provide students with prototyping tools for their side projects. For example, during covid-19, our students deployed a system across the campus to detect people's forehead temperatures when entering buildings.

2017 **Co-Chair** (w/ Fan-Keng Sun and Jim Liu)

MakeNTU Makeathon

We led 60 students and organized the first nationwide makeathon in Taiwan, where we invited 200 participants out of 800+ applicants. We collaborated with the Taipei City Government and 22 companies and received 70K USD in sponsorship.
